

Class Schedule November - February 2010

Classes for Beginners and Hobby Painters

Contemporary Stenciling – Decorating With Stencils - 2 hour class covering the basics of applied pattern using stencils. Create feature finishes and custom wallpaper patterns exclusive to you. £37.50

All that Glitters – A fun introduction to the application of metal leaf – add a touch of sensational sparkle to your home. 2 hour class £45 including VAT

Shabby Chic – Easy distressing for furniture and woodwork – give tired furniture a new lease of life with soft creams & greys, chalk paints, crackleure and metal leaf. 6 hour class £90

Classes For more Experienced Painters - or for those with larger projects

Fabulously French – Inspired cabinetry finishes – antiquing, distressing, crackleure and metal leaf. Updating fitted furniture - whole day class £120

Walls 1 - A comprehensive 1 day workshop on broken colour using water based products, includes dragging, stippling, colour washing, contemporary crinkle, frottage, combing, moiré. This class would suit a beginner as well as an experienced DIYer or professional. £125 + VAT

Upskilling Class – A 3 day confidence building class for those who already have experience but want to up-date, up-skill and up-sell. All finishes are taught in water based materials. The class covers traditional & contemporary techniques – basic graining, basic marbling, wall finishes, metallics and textures; a taste of everything. This class requires some experience - suitable for either the professional painter or experienced amateur. £315 +VAT

Graining and Marbling – A five day class aimed at the professional painter, finisher or artist. This class leads the student through the traditional techniques of graining and marbling using contemporary water based products. The student will leave with the skills necessary to replicate almost all timbers and marbles. Experience in painting and decorating or decorative finishing is an advantage in this class £520 + VAT

“Wall Effects” Textures and Finishes – Wall Effects supply high quality decorative paint effects products - versatile glazes and texture products to help create traditional effects and cutting edge finishes - this is a great way to update a portfolio, get your work in front of a new architect or designer. The paint effects courses are aimed at professional decorators with a desire to learn something different using only water based products, achieving many different results £125 + VAT

Classes include all materials and VAT unless otherwise stated. Some classes require specific tools and brushes which can be purchased and sometimes loaned from Carte Blanche
